After: A2 conditional mean, page 1 (n = splits containing attribute)
ankle posture variability
ankle rotational motion
arm motion dominance
arm motion prominence
arm rotational motion
ballistic unloading
bilateral leg synchrony
cadence
chest inclination
cyclic hand motion magnitude
cyclic vertical body motion
forearm rotational motion
hand cyclic motion
hand motion dominance
hand motion emphasis
hand motion extent
hand motion intensity
hand relative motion
hand rotational motion
impact pattern
impact periodicity
impulsiveness
intensity variability
lateral body inclination
